Vacation Paradise

LC Designs creates coastal delight

This contemporary two-story 10,000+ square foot penthouse remodel is located in Naples, Florida. "The client is a successful entrepreneur from Europe that wanted a clean and sophisticated vacation home overlooking the Gulf of Mexico," explains Leslie Christian, owner of LC Interior Design. The family's goal was to design every square inch that would be suited

shows the family room overlooking the Ritz-Carlton Hotel. The ceiling was designed with multiple coffers and stainless steel insert panels to offer some interest and maintain a modern look. Soothing colors and a custom designed Angela Adams rug suggest the movement and serenity of water which exists below.

“Our participation in this remodel included custom designing all architectural details,” says Leslie. “Along with the custom furniture, state of the art interior finishes as well as the project managing of all construction and anything else that the completion of a successful project entails.” ■

to their taste and needs.

The living room is an environment with custom relief finishes on walls, fiber optic and coffered ceilings, natural stone floors and walls, textured fabrics, original art and soothing colors that enhance the location by the water.

Another space which is connected to a newly designed European kitchen (not shown)
